### **Resolution No. 7**

#### **Clearance of Drugs and Chemicals for Aquacultural Use**

WHEREAS, many states rely heavily upon fish hatcheries to maintain, mitigate, and enhance both sport and commercial fisheries; and

WHEREAS, successful hatchery management involves effective control of disease and parasites; and

WHEREAS, many drugs and chemicals which have been successfully used in the past are presently being withheld pending required federal clearance;

NOW, THEREFORE, BE IT RESOLVED, that the International Association of Fish and Wildlife Agencies requests the U.S. Fish and Wildlife Service to expedite the necessary testing of these drugs and chemicals for clearance in aquacultural use.

### **Resolution No. 8**

#### **Convention on the Conservation of Migratory Wild Animals**

WHEREAS, fish and wildlife are resources of great social and economic value to residents of the United States and Canada, and

WHEREAS, the governments of the United States and Canada, mindful of their national and international arrangements and agreements for protecting and maintaining fish and wildlife resources, both resident and migratory in their respective countries at state, provincial and federal levels, declined to sign the recently concluded Convention on the Conservation of Migratory Species of Wild Animals,

NOW, THEREFORE, BE IT RESOLVED, that the International Association of Fish and Wildlife Agencies

- (1) Commends the governments of the United States and Canada for declining to sign the Convention, thereby protecting existing
